

**CapTel 800** – for use with analog phone lines (or DSL with filter)

## FOR FEDERAL RELAY USERS

### CapTel 800 Captioned Telephone

Ideal for people with some degree of hearing loss, the *CapTel* works like any other telephone with one important addition: it displays captions of every word the caller says. *CapTel* users can listen to the caller, and can also read the written captions for added clarity. Perfect for anyone who has difficulty hearing over the phone.

### REQUIREMENTS:

- Analog telephone line(s) (DSL supported if appropriate filter in place).
- Standard electrical power

CapTel is the latest innovation from

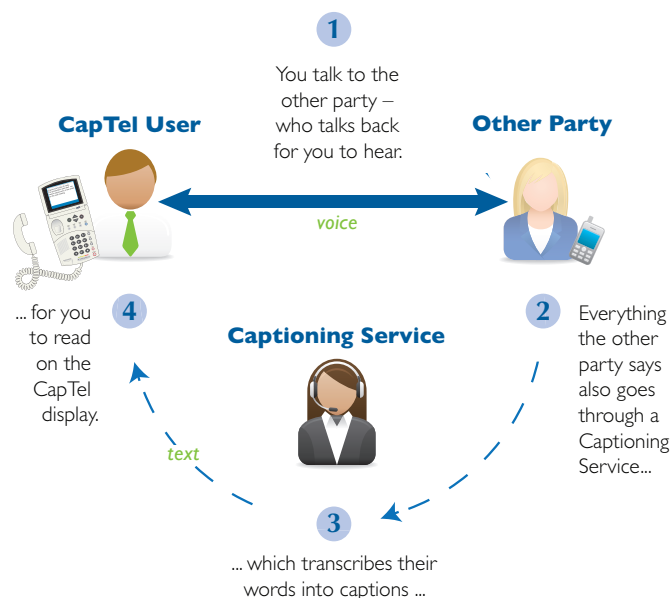

# CapTel 800 - the telephone that shows you captions!

## Benefits:

- Calls you make are automatically connected to a Captioning Service to provide captions.
- Incoming callers dial the Captioning Service first, then enter your phone number in order for you to get captions.
- Large, easy-to-read captions window with adjustable font sizes and colors.
- Display screen tilts for comfortable reading or lies flat to mount the phone on a wall.
- Adjustable volume control (up to 40dB gain) for captioned calls. Volume button is easy to see and adjust during a call.
- One-touch access to CapTel Customer Service (Speed Dial button automatically connects you to CapTel help line – available during standard business hours).
- Easy-to-follow menu system with Yes/No questions.
- Phone Book allows you to easily store and dial more than 95 names/phone numbers.
- Speed Dial keys for one-touch dialing of frequently called numbers.
- OPTIONAL - Can also be used with 2 telephone lines to allow callers to dial your telephone number directly instead of calling through the Captioning Service.

CapTel works with a free Captioning Service to provide captions.

## Requirements:

- Analog telephone line(s). DSL supported if appropriate filter in place. Not compatible with PBX systems unless an analog port is available. Not designed for use with digital cable or VOIP telephone services.
- Standard electrical power
