## Helpful Tips for Using Your CapTel Phone

### Using Speed Dial

The convenient Speed Dial feature on your CapTel phone makes it easy to dial your most frequently-called phone numbers with just one touch. Speed Dial can be set to any phone number you choose – to a family member or a best friend, to your spouse's office number or to emergency contacts. It's up to you!

### Master Machinist Lends Expertise to CapTel

After retiring at age 70 from a full career creating optical instruments for telescopes for the Astronomy Department at the UW Madison, master machinist Lyle M. was asked to bring his expertise to help with tooling at Ultratec, the maker of CapTel phones. That was 25 years ago, and Lyle hasn't looked back since. Now at age 97, Lyle continues to be an integral member of the CapTel team. "I enjoy what I do," he explains. Lyle is just one of the exceptional people working at CapTel to make your phone experience all that it can be.

FEDERAL LAW PROHIBITS ANYONE BUT REGISTERED USERS WITH HEARING LOSS FROM USING INTERNET PROTOCOL (IP) CAPTIONED TELEPHONES WITH THE CAPTIONS TURNED ON. IP Captioned Telephone Service may use a live operator. The operator generates captions of what the other party to the call says. These captions are then sent to your phone. There is a cost for each minute of captions generated, paid from a federally administered fund. No cost is passed on to the CapTel user for using the service.

CapTel captioning service is intended exclusively for individuals with hearing loss. CapTel® is a registered trademark of Ultratec, Inc. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.
